

Qualification Title: GQA Level 2 NVQ Diploma in Associated Industrial Services Occupations (Construction) Passive Fire Protection

Qualification Number: 603/1315/8

Welsh Qualification Number: C00/3773/4

Qualification Specification

Who is this qualification for?

The Level 2 NVQ Diploma in Associated Industrial Services Occupations - Passive Fire Protection qualification has been developed for delivery in a working environment; this means you need to be employed to study this qualification. It has been designed to develop and recognise your skills, knowledge and competence so that you can work in Passive Fire Protection within the construction industry or progress onto further learning. This NVQ qualification requires candidates to demonstrate, in a real workplace environment, competence against a set of performance statements. Assessment will be carried out by an occupationally competent and qualified assessor.

Entry requirements

There are no formal entry requirements for learners undertaking this qualification. However, centres must ensure that learners have the potential and opportunity to gain the qualification successfully.

Qualification support

This qualification has been designed and developed by GQA Qualifications with the support of ConstructionSkills.

Qualification achievement

Candidates must complete all 4 mandatory units and also achieve a minimum of 64 credits from the optional group which will involve completing at least 2 optional units.

GQA qualifications are made up of units that have a credit value or credits. These credits must be achieved in the correct combination of mandatory and optional units. Qualifications are now required to indicate the total qualification time (TQT), this is to show the typical time it will take someone to attain the required skills and knowledge to meet the qualification criteria.

The units of assessment set out learning outcomes which describe what learners need to be able to do and understand. The learning outcomes are defined by assessment criteria which are used to assess competence, expressed as skills achieved and learned knowledge and understanding, to achieve the units. Achievement of the mandatory unit and optional units will mean the qualification has been completed and will be subject to approval of a claim for certification. GQA Qualifications will issue a certificate complete with the learner's name, the qualification and unit titles and the credits achieved.

Qualification Structure

Qualification Title:	GQA Level 2 NVQ Diploma in Associated Industrial Services Occupations (Construction) Passive Fire Protection
Qualification Number (QAN):	603/1315/8
Welsh Qualification Number:	C00/3773/4
