

Qualification Specification

GQA Level 2 NVQ Diploma in Interior Systems (Construction) v3

Qualification Number: 610/4501/9

Who is this qualification for?

This qualification is aimed at individuals wishing to prove they have the level and range of knowledge and skills required to install Interior Systems in the Construction working environment. Although it is not expected that all workers will complete the same tasks, there are 3 mandatory units common to all pathways.

The Pathways will allow employees with specific skills and from companies of all sizes equal opportunity to complete.

All work must be completed following Industry recognised Safe Working Practices and in accordance with relevant legislations.

This qualification is at Level 2, although some units may be at different levels and should be taken by those who are fully trained to deal with a range of tasks and situations. Candidates should require minimum supervision in undertaking the job. There is a suite of other construction specific qualifications in a wide range of occupations available through GQA.

Entry requirements

There are no formal entry requirements for learners undertaking this qualification, however individuals must be carrying out a role that will enable them to show they have the required competence and knowledge to meet the qualification aims

Qualification support

This qualification has been designed and developed by GQA Qualifications with industry support.

Qualification achievement

It is not expected that all workers will complete exactly the same tasks, so the qualification has been designed to allow flexibility and in turn, as wide an uptake as possible.

Individuals must complete the Mandatory Units and the appropriate Pathway Unit(s)

The minimum credit value of the qualification is 34 credits.

Qualifications are now required to indicate the total qualification time (TQT), this is to show the typical time it will take someone to attain the required skills and knowledge to meet the qualification criteria. The minimum TQT for this qualification is 340 hours.

Qualifications are also required to indicate the number of hours of teaching someone would normally need to receive in order to achieve the qualification. These are referred to as Guided Learning Hours (GLH). The minimum GLH for this qualification is 204.

The unit of assessment sets out learning outcomes which describe what learners need to be able to do and understand. The learning outcomes are defined by assessment criteria which are used to assess competence, expressed as skills achieved and learned knowledge and understanding, to achieve the units. GQA Qualifications will issue a certificate complete with the learner's name, the qualification and unit title and the credits achieved.
