

Qualification Specification

GQA Level 2 NVQ Diploma in Waterproof Membrane Roofing Systems

Qualification Number: 610/4826/4

Who is this qualification for?

The Level 2 NVQ Diploma in Waterproof membrane roofing systems(Construction) qualification has been developed for achievement in a real workplace environment. It is understood that not all individuals employed in this industry carry out exactly the same tasks so the qualification has pathways to allow proof of knowledge and competence in any or all of 3 areas, reinforced bitumen membrane systems, single ply membrane systems and liquid membrane systems.

All work must be carried out in accordance with safe working practices and to meet the specified contract requirements. The qualification has 5 mandatory units with a total credit value of 58 credits. To complete this qualification all mandatory units must be completed with the required credits from the chosen pathway(s).

The qualification is at Level 2 but has been developed in a way to allow employees from companies of all sizes and specialisms equal opportunity to complete.

There is a suite of other construction specific qualifications in a wide range of occupations available through GQA.

Entry requirements

While there are no formal entry requirements for this qualification it is expected for individuals to working within a Waterproof Membrane Roofing environment and able to effectively carry out the required work to gather the evidence needed to complete this qualification.

Regulatory information

Countries offered in:	England, N. Ireland
Qualification type:	Occupational qualification
Subject/sector areas	Construction
Qualification operational start date:	01/11/2024
Applicable age ranges (years):	18+

Qualification achievement

It is not expected that all workers will complete exactly the same tasks, so the qualification has been designed to allow flexibility and in turn, as wide an uptake as possible.

Individuals must complete all mandatory units.

The minimum credit value of the qualification is 58 credits.

Qualifications are now required to indicate the total qualification time (TQT), this is to show the typical time it will take someone to attain the required skills and knowledge to meet the qualification criteria. The minimum TQT for this qualification is 580 hours.

Qualifications are also required to indicate the number of hours of teaching someone would normally need to receive in order to achieve the qualification. These are referred to as Guided Learning Hours (GLH). The minimum GLH for this qualification is 284.

The unit of assessment sets out learning outcomes which describe what learners need to be able to do and understand. Learning outcomes are defined by assessment criteria which are used to assess competence, expressed as skills achieved and learned knowledge and understanding, to achieve the units.

GQA Qualifications will issue a certificate complete with the learner's name, the qualification and unit title and the credits achieved.
