

## Summary of the:

### GQA Level 2 NVQ Certificate in Fabrication of Glass Supporting Structures (500/7767/3)

#### Who is this qualification for?

This qualification is aimed at those who undertake work to produce fabricated products such as door and window frames and units, conservatories, and glazing systems used in curtain walling, etc. Units in this qualification include the processing of materials, applying coatings and treatments and fabricating of frames by joining and assembly. It is not expected that candidates working in this area all do the same activities: the qualification is structured to ensure that there is a high degree of flexibility in the qualifications, although there are common units in the mandatory section of the qualification.

The qualification allows achievement by those who primarily work in a manufacturing environment, and also those who visit sites to carry out fabrication activities or to apply surface coating spray finishes.

The standard covers the most important aspects of the job. This qualification is at Level 2, although some Qualifications have units at different levels, and should be taken by those who are fully trained to deal with routine assignments. Candidates should require minimal supervision in undertaking the job.

Unit Ref	Title	Level	Credit
<b>Mandatory Units</b>			
R/600/7659	Maintain Health and Safety within the Fabrication of Glass Supporting Systems Working Environment	2	4
FGSS1			
A/600/7364	Communicating and Working with Others in the Glass and Related Working Environments	2	3
AG3			
L/600/7661	Prepare Equipment/Machinery/Tools for the Fabrication of Glass Supporting Systems	2	3
FGSS3			
M/600/7667	Locate, Handle and Position Materials or Components in the Fabrication of Glass Supporting Systems	2	2
FGSS4			
H/600/7746	Check the Quality of Products used in the Fabrication of Glass Supporting Systems	2	2
FGSS10			
<b>Optional units A (a minimum of 11 credits must be achieved)</b>			
A/600/7669	Apply Coatings or Treatments to Products and Materials used in the Fabrication of Glass Supporting systems	2	4
FGSS5			
Y/600/7727	Package and Store Fabricated Glass Supporting Systems	2	3
FGSS6			
R/600/7743	Process Materials for Fabricating Glass Supporting Systems	2	3
FGSS7			
Y/600/7744	Fabricate Glass Framing/Supporting Systems by Joining	2	4
FGSS8			
D/600/7745	Fabricate Glass Supporting Systems by Assembly	2	4
FGSS9			
H/505/2951	Cut Materials for the Fabrication of Glass Supporting Systems	2	5
FGSS2			
J/617/4584	Apply surface Coatings by spray to Glass Supporting Systems in the Workplace	2	8
OSF2			
A/617/4582	On-Site Fabrication of Glass Supporting Systems	2	6
OSF1			

Achieving all of the Mandatory units and the correct number of credits from the groups of optional units will mean the qualification has been completed, and GQA will provide the Certificate with the qualification title. Where a candidate has completed additional credits, the Certificate will list these as "additional credits". In cases where the candidate has not completed the full qualification and will not go on to do so, a Certificate of Unit credit can be issued for the units achieved.

#### Assessment guidance

Evidence should show that you can complete all of the learning outcomes for each unit being taken.

**Types of evidence:**

Evidence of performance and knowledge is required. Evidence of performance should be demonstrated by activities and outcomes, and should be generated in the workplace only, unless indicated under potential sources of evidence (see below). Evidence of knowledge can be demonstrated through performance or by responding to questions.

**Quantity of evidence:**

Evidence should show that you can meet the requirements of the units on a minimum of three occasions, in a way that demonstrates that the standards can be achieved consistently over an appropriate period of time.

**Potential sources of evidence:**

The main source of evidence for each unit will be observation of the candidate's performance and knowledge demonstrated during the completion of the unit. This can be supplemented by the following types of physical or documentary evidence:

- Accident book/reporting system
- Safety record
- Training record
- Invoices/job cards
- Witness testimonies
- Notes and memos
- Photographic/video evidence
- Telephone logs
- Customer feedback

**Examples of Evidence could include:**

- Treated and/or Coated products and components
- Equipment inc. Personal protective equipment, manual and power tools
- Fabricated products/components
- Resources inc. People, time, materials, equipment, energy
- Packaged products
- Information systems, manual or electronic
- Joined/assembled products
- Emergency procedures inc. Responding to alarms, using firefighting equipment, isolating power and/ or fuel supplies

**Please Note that photocopied or downloaded documents such as manufacturers' or industry guidance, H&S policies, Risk Assessments etc, are not normally acceptable evidence for GQA qualifications unless accompanied by a record of a professional discussion or Assessor statement confirming candidate knowledge of the subject. If you are in any doubt about the validity of evidence, please contact your GQA EQA.**
