

Summary of the:

GQA NVQ Level 2 Diploma in Substructure work occupations (Installation of Gas Membranes-Construction) (CSCS Qualification) (603/3703/5)

Who is this qualification for?

This is a work-based learning qualification that enables individuals to carry out the installation of gas membranes in the Construction working environment. Candidates must prove competent to carry out the work skills when preparing for, and installing gas membranes:
 – measuring, setting-out, cutting, laying, taping, welding, assembling, fitting, applying, sealing, securing, inspecting, repairing and protecting, using and maintaining hand tools, portable power tools and ancillary equipment. Work must be completed following safe working practices and industry recognised best practice.

The qualification consists of 5 mandatory units with a total credit value of 44 credits.

Unit Number	Mandatory Units	Level	Credit
A/503/1170 641	Conforming to General Health, Safety and Welfare in the Workplace	1	2
J/503/1169 642	Conforming to Productive Working Practices in the Workplace	2	3
F/503/1171 643	Moving, Handling and Storing Resources in the Workplace	2	5
D/617/2730 612v2	Preparing to install gas membranes in the workplace	2	15
H/617/2731 613v2	Installing gas membranes in the workplace	2	19

Assessment Guidance

Evidence should show that you can complete all of the learning outcomes for each unit being taken.

Types of evidence:

Evidence of performance and knowledge is required. Evidence of performance should be demonstrated by activities and outcomes, and should be generated in the workplace only, unless indicated under potential sources of evidence (see below). Evidence of knowledge can be demonstrated through performance or by responding to questions.

Quantity of evidence:

Evidence should show that you can meet the requirements of the units in a way that demonstrates that the standards can be achieved consistently over an appropriate period of time.

Potential sources of evidence:

The main source of evidence for each unit will be observation of the candidate's performance and knowledge demonstrated during the completion of the unit. This can be supplemented by the following types of physical or documentary evidence:

- Accident book/reporting system
- Work diaries
- Correspondence with customers
- Training records
- Telephone log
- Photo/video evidence
- Job specifications and documentation
- Work schedules and records
- Witness testimonies
- Safety records
- Timesheets
- Notes and memos
- Audio evidence
- Materials
- Completed products/installation

Please Note that photocopied or downloaded documents such as manufacturers' or industry guidance, H&S policies, Risk Assessments etc, are not normally acceptable evidence for GQA qualifications unless accompanied by a record of a professional discussion or Assessor statement confirming candidate knowledge of the subject. If you are in any doubt about the validity of evidence, please contact your GQA EQA.
