

Summary of the:**GQA Level 3 Award in Understanding of Advanced Driver Assistance Systems (ADAS) (603/6849/4)****Who is this qualification for?**

This qualification is aimed at those who need an understanding of ADAS systems but have neither the need or opportunity to confirm competence in carrying out calibration activities themselves.

To achieve this qualification the mandatory "knowledge only" unit must be fully completed with auditable evidence.

This qualification mandatory unit has a credit value of 4 credits. There is also a qualification from GQA for those who are required to have proof of understanding and practical competence of calibration.

Qualifications are now required to indicate the total qualification time (TQT). This is to show the typical time it will take someone to attain the required skills and/or knowledge to meet the qualification criteria. This qualification has a TQT of 40 hours.

Qualifications are also required to indicate the number of hours of teaching someone would normally need to gain the skills and knowledge to achieve the qualification. These are referred to as Guided Learning Hours (GLH). The GLH for this qualification is 16.

Unit no	Mandatory units	Level	Credit
F/618/5583	Understanding of Advanced Driver Assistance Systems (ADAS)	3	4
AD01			

Achievement of the required credit indicated above will mean the qualification has been completed, and GQA will provide the Certificate with the qualification title.

Please note that photocopied or downloaded documents, such as manufacturers' or industry guidance, H&S policies, Risk Assessments, etc., are not normally acceptable evidence for GQA qualifications unless accompanied by a record of a professional discussion or Assessor statement confirming candidate knowledge of the subject. If you are in any doubt about the validity of evidence, please contact your GQA EQA.
