About this qualification

This qualification is aimed at developing the necessary skills and knowledge of the technical and practical day to day aspects of site inspection. This qualification covers areas such as monitoring quality, managing progress and handover, verifying health and safety, setting up and managing technical storage systems, and managing interaction with others.

You can select additional options to suit your role, which include monitoring tests, confirming and reporting on property condition, agreeing maintenance works, monitoring customer service problems, progressing resolution of disputes, recruiting and planning the workforce, managing teams, and their development.

GQA Qualifications

GQA Qualifications Limited is an Awarding Body for specialist sectors and occupational roles. Our current qualifications cover a wide range of sectors, including the Glass and Fenestration Industries, Construction, Print, Automotive Glazing, Polymers, Nuclear, Chimney Occupations, Meteorology and Print.

Our aim is to work with industries where we have access to knowledge within GQA, giving us a real ability to discuss specific qualifications with both centres and employers.

Qualification development is carried out in accordance with regulatory and Sector Skill Council requirements, using industry experts throughout the development and consultation processes.

At GQA, our purpose is clear: to bring learning to life. We believe every learning experience holds the potential for personal growth, and that's why our team is dedicated to creating meaningful, engaging opportunities that make a real difference in the lives of learners.
